

Michael Hartogs
Sr. Vice President and Division Counsel
Qualcomm Technology Licensing
Section 6: Standards
Licensing and Standards - The Case for FRAND

I - Introduction and Brief Historical Background on the Emergence of FRAND

Description of the development of ETSI's IPR policy and the introduction of the voluntary FRAND licensing commitment.

II - What is FRAND?

The underpinnings of the flexibility afforded by FRAND licensing - to demonstrated success.

III - What FRAND is Not

A look at recent efforts to revise (malign) the existing FRAND licensing regime, the dangers of those proposed alternatives and a look at the motivations of those who advance them.

III - Conclusion
