How Patent System Affects Different Industries

PHARMA

- Single (or few) patents cover accused product

INFORMATION TECHNOLOGY

Many patents cover accused product

How Patent System Affects Different Industries

PHARMA

- Single (or few) patents cover accused product
- Scope of patent claims relatively clear

INFORMATION TECHNOLOGY

- Many patents cover accused product
- Scope of patent claims uncertain

How Patent System Affects Different Industries

PHARMA

- Single (or few) patents cover accused product
- Scope of patent claims relatively clear
- Patent usually issues before marketing of accused product

INFORMATION TECHNOLOGY

- Many patents cover accused product
- Scope of patent claims uncertain
- Patents often issue well after marketing of accused product

How Patent System Affects Different Industries

PHARMA

- Single (or few) patents cover accused product
- Scope of patent claims relatively clear
- Patent usually issues before marketing of accused product
- Patent known before suit

INFORMATION TECHNOLOGY

- Many patents cover accused product
- Scope of patent claims uncertain
- Patents often issue well after marketing of accused product
- Patent suit comes as surprise
